We encourage teachers to preview sites before students get there. Robust resume in print, digital or both! Teen Health Online More than a digital textbook, Teen Health is a complete online resume. Engaging, current and full of possibilities, your students will appreciate the difference! Online magazines, multimedia resources and links to the latest health information make this different from any other health program: talk to your students! It's also resource-filled for teachers, such as lesson planners, evaluation, and two-assignment communication. Teen Health printing options Print materials are available in multiple formats, if necessary for your unique class. Teen Health's main, activity-based content is available in a traditional hardbound printing format or flexible modular printing format to meet your class's needs. The engaging features of real work and text make health concepts accessible and relevant. The Online Teacher Center, with or without healthy relationships and sexuality, is available in subscriptions of 6 and 1 year with a minimum purchase of twenty-five places for students of 6 or 1 year. Please contact your local MHE sales representative for assistance. This is a NIMAC (National Instructional Materials Accessibility Center) book books are only available to students with an IEP (individual.) If you put this book in a group reading list, students without IEP will not be able to open it. For more details, see the Help Center. SYNopsis TO BUILD GOOD HEALTH, MIDDLE SCHOOL STUDENTS NEED THE RIGHT TOOLS. Teen Health is the integrated activity-based health program written specifically for middle school students. This sequential three-course program provides combination of course material and interactive multimedia resources. Teen Health helps students understand that good health affects their school performance, friendships, appearance, and life. Teen Health extends far beyond traditional health topics to cover the subjects your students really want to know. It explains the importance of avoiding risky behavior and provides detailed guidance on how to do it. Course 2 Modules for students . Withdrawal. Safety and accident prevention .
